

The Intermountain Chapter, NRHS invites you to once again join

us for the annual chartered motor coach trip to Como, CO to celebrate Como Railroad Day. See the progress made since last year as the Como Project continues to recreate the rail yard around the famed Como roundhouse & turntable, plus the historic depot museum. Ride the motor cars and the handcar and see the continuing restoration of Klondike Kate loco #4 and the replacement water tank progress.

Best of all, the concert in the roundhouse by the Denver Brass and Celtic Colorado Bagpipers & Drums will once again wow the crowd.

Save the driving hassle and enjoy the comfortable restroom-equipped motor coach excursion to this famous historic railroad site. Included is an optional side trip to nearby Fairplay for lunch and browsing from 11:00 to 1:15, back in time for the concert. Bring your light weight lawn chair (with name tag) for the concert, if you like. There will be sales tables and food trucks on site, as well.

Bus Timetable:

Lv. RTD Thornton Park and Ride, East side then West: 6:45 AM
